Duties: This position offers career progression to the full performance grade (FPL) level of GS-11. Work assignments provide advanced training & development leading to the FPL of Equip Spec (Elect), GS-1670-11. You will perform the following duties, but under closer scrutiny and less complexity and lesser knowledge. At the GS-11 level, you will serve as an Equip Spec (Elect) for the AN/TSQ-179 Common Ground Station (CGS), which is assigned to TYAD. Work is performed at the Permanent Change of Station (PCS) sites in the Continental United States (CONUS), embedded, or at FRA, CONUS or Outside the Continental United States (OCONUS) locations. Exercise continuing responsibility for a comprehensive range of field use support activities for components of the system and subsystems of CGS. Provide maintenance, advice, assistance, on-the-job training, instruction, and logistical and supply support to AN/TSQ-179 platforms under test and fielded to units as directed by program managers of the CGS.

About the Position: The Forward Repair Activity (FRA) Fort Lewis is a facility that performs on-post repair of Standard Army Management Information System (STAMIS) computer and related peripherals. This FRA is part of Tobyhanna Army Depot (TYAD). The TYAD mission includes design, manufacture, repair and overhaul of hundreds of electronic systems for all branches of the Armed Forces. For over 50 years, Tobyhanna personnel have built a tradition of unparalleled customer satisfaction through the delivery of timely, cost-effective, and high-quality products and services. The FRA is located in the Pacific Northwest on Puget Sound, Washington state, and is adjacent to Mc Chord Air Force Base.
